How to write a French letter (journal entry, letter to a loved one, and formal letter to the editor)

Journal Entry

Date: Day # month (not capitalized, and no comas EVER!!!)

Cher journal,

A journal entry is the most informal format, and you will probably end up using "je" more than anything else. Most entries are written in the present tense, or passé composé for past events.

Topics to choose from:
Today school was awesome because: aujourd'hui l'école était super parceque...
Today school was horrible parceque: aujourd'hui l'école était horrible parceque...

You will need to write a 100 word letter...
