

Space Math Worksheet

Space Alien Subtraction

Name _____

A cartoon space alien with large eyes and a wide mouth is holding a large whiteboard. On the whiteboard, there are three subtraction problems using stars as visual aids. The first problem shows three solid black stars minus one hollow white star equals two solid black stars. The second problem shows six solid black stars minus two hollow white stars equals four solid black stars. The third problem shows nine solid black stars minus four hollow white stars equals five solid black stars.

3 stars - 1 star = 2 stars

6 stars - 2 stars = 4 stars

9 stars - 4 stars = 5 stars
