

Habitats

A habitat is the place where a plant or animal lives.

The habitat of a frog is the pond.

The habitat of a cactus plant is the desert.

All living things are suited to the habitat where they live.

Discuss with your teacher how these living things can live in their habitat. Then draw the animal in the box.

A camel _____

A fish _____

A duck _____

A palm tree _____

A cactus plant _____

Do you think animals prefer to live in their habitat or in a zoo? Discuss it with your friends. Give a reason for your answer.
