

Name _____

Weathering
 vocabulary

Tunnel of Terms

Read each clue.

Use the bold words in your weathering pamphlet to complete the puzzle.

Across

3. a place where rocks might bounce around and then wear down
4. carbon dioxide and water might turn hard minerals into this
5. the part of a plant that can break down rocks
7. water does this when it freezes
9. this kind of water can wear away rock

Down

1. part of the earth that is always changing
2. the breaking down and changing of rocks
4. these may form where rock has been dissolved
6. weathering is this type of change
8. caves may form where water has done this to rock

Bonus Box: On the back of this page, draw a picture of a statue. Then draw a picture of the same statue as it may look in 10,000 years. Write a sentence telling how the statue changed and what made the changes happen.
