

MOM ALWAYS KNOWS

Everybody has a mother
That is simple and true
But often we forget our moms
And all the things they do

On Mother's Day take some time
To thank her for all she's done
Food and clothes and rides to school
And driving to places where you have fun

Like zoos and parks and playgrounds
And to the dentist's office, too
It might not be as fun a time
But Mom always knows what's good for you
