

Electronic Quiz Game Board

This project brings the conceptual understanding and complex computations to life.

Introduction/What Students Will Learn:
Students will learn how to use the TI-84 Plus calculator to solve problems involving the area of a circle.

Activities:
This project involves the use of the TI-84 Plus calculator to solve problems involving the area of a circle. Students will use the calculator to solve problems involving the area of a circle. The project involves the use of the TI-84 Plus calculator to solve problems involving the area of a circle. The project involves the use of the TI-84 Plus calculator to solve problems involving the area of a circle.

- Objectives:**
- 1. Students will be able to use the TI-84 Plus calculator to solve problems involving the area of a circle.
 - 2. Students will be able to use the TI-84 Plus calculator to solve problems involving the area of a circle.
 - 3. Students will be able to use the TI-84 Plus calculator to solve problems involving the area of a circle.

Activities:
This project involves the use of the TI-84 Plus calculator to solve problems involving the area of a circle. The project involves the use of the TI-84 Plus calculator to solve problems involving the area of a circle. The project involves the use of the TI-84 Plus calculator to solve problems involving the area of a circle.

Activities:
This project involves the use of the TI-84 Plus calculator to solve problems involving the area of a circle. The project involves the use of the TI-84 Plus calculator to solve problems involving the area of a circle. The project involves the use of the TI-84 Plus calculator to solve problems involving the area of a circle.

- Objectives:**
- 1. Students will be able to use the TI-84 Plus calculator to solve problems involving the area of a circle.
 - 2. Students will be able to use the TI-84 Plus calculator to solve problems involving the area of a circle.
 - 3. Students will be able to use the TI-84 Plus calculator to solve problems involving the area of a circle.
