

Honors -Bacteria and Virus Foldable

BACTERIA

- Diagram- draw, color, and label **cell wall, capsule, DNA, pili, flagellum, plasmid** page 557
- Kingdom names
- Shapes
- Common diseases caused by bacteria

VIRUS

- Diagram of T4 bacteriophage - draw, color, and label **head, tail sheath, tail fiber, DNA** page 549
- Living or not? Why? Shapes
- Compare and contrast lytic & lysogenic cycle – draw if you want.
- Common diseases caused by viruses
- T4 bacteriophages infect what type of organism?
