

### Practice Skills

#### Review the Problem Solving Strategy

Write the number in the blank space.

1. Write the number that is 100 more than 500. (Write the number in the blank space.)

2. Write the number that is 100 less than 1000. (Write the number in the blank space.)

3. Write the number that is 100 more than 1000. (Write the number in the blank space.)

4. Write the number that is 100 less than 1000. (Write the number in the blank space.)

5. Write the number that is 100 more than 1000. (Write the number in the blank space.)

Write the number.

100 + 100 =

1000 - 100 =

1000 + 100 =

1000 - 100 =

1000 + 100 =

1000 - 100 =

1000 + 100 =

1000 - 100 =
