The Attachment Theory

How Childhood Affects Life

As you watch the video take through notes in the boxes below.

Attachment Theory:

Strong Bonds make children feel...

Weak Bonds make children feel...

Securely Attached People:	Insecurely Attached People:
---------------------------	-----------------------------

Securely Attachment	Anxious-Ambivalent Attachment	Anxious-Avoidant Attachment	Anxious-Disorganized Attachment
---------------------	-------------------------------	-----------------------------	---------------------------------
