## **Worksheet A: Exponential Functions**

## Part I:

Using a graphing calculator, graph the function  $f(x) = 2^x$  and sketch the graph on the grid provided below.

- 1. Is the graph an increasing or decreasing function? Explain your answer.
- 2. Trace or use the table feature on your calculator to fill out the tables below.

As the value of x gets very large, what happens to the value of  $2^x$ ?

×	2 <sup>x</sup>
