ALPHABET FLIP BOOK PLANNING SHEET

Use this page to help you assign duties, gather information, and assemble your book.

Authors' names: _____

Title of book: _____

Responsibilities: (Decide who is going to research and illustrate each plant.)

• Author 1 (_____) _____

• Author 2 (_____) _____

Sample Card:

Page number: 1
Letter: A
Common name: Aster
Scientific name: A. novae angliae
Interesting facts: Most asters are perennials, which means they live more than two years, but some are annuals and die after one growing season. Asters are hard to grow from seed.

Arrange your book in this order:

- Cover page (title and illustrations)
- Title page (title, authors' names, and copyright)
- 26 pages (one page, front and back, for each letter of the alphabet)
- Authors' page (background information on each author)
- Back cover page (brief description of the book and an illustration)
