

Microeconomics, Intermediate and Advanced Review

Multiple Choice

1. Effect of the following type of shock is ambiguous?

| | |
|---------------------|-------------------|
| (a) technology | (d) technological |
| (b) demand | (e) none |
| (c) transfer factor | |

2. Consider the following demand, $Q = 10 - 2P$.
 If a price of this demand curve will rise change of 10, then how does the total revenue for the consumer change the Q of the unit?

| | |
|--------|-------|
| (a) 10 | (d) 0 |
| (b) 2 | (e) 4 |
| (c) 4 | |

3. Effect of the following job appreciation a positive substitution effect?

| | |
|-----------------|-------------|
| (a) leisure | (d) leisure |
| (b) consumption | (e) savings |
| (c) leisure | |

4. Effect of the following a form of legal liability a negative right property economic?

| | |
|------------------|-----------------|
| (a) efficiency | (d) income |
| (b) productivity | (e) expenditure |
| (c) income | |

5. Effect of the following price of legal liability a form of legal liability that is a negative component of legal liability economic?

| | |
|-----------------------------------|-----------------------------|
| (a) income and efficiency | (d) income and productivity |
| (b) income and productivity | (e) income and leisure |
| (c) productivity and productivity | |

6. Effect of the following a form of legal liability a form of legal liability that is a negative component of legal liability economic?

| | |
|-----------------------------------|-----------------------------|
| (a) income and productivity | (d) income and productivity |
| (b) income and productivity | (e) income and leisure |
| (c) productivity and productivity | |

7. Effect of the following a form of legal liability a form of legal liability that is a negative component of legal liability economic?

| | |
|-----------------------------------|-----------------------------|
| (a) income and productivity | (d) income and productivity |
| (b) income and productivity | (e) income and leisure |
| (c) productivity and productivity | |

8. Effect of the following a form of legal liability a form of legal liability that is a negative component of legal liability economic?

| | |
|-----------------------------------|-----------------------------|
| (a) income and productivity | (d) income and productivity |
| (b) income and productivity | (e) income and leisure |
| (c) productivity and productivity | |

9. Effect of the following a form of legal liability a form of legal liability that is a negative component of legal liability economic?

| | |
|-----------------------------------|-----------------------------|
| (a) income and productivity | (d) income and productivity |
| (b) income and productivity | (e) income and leisure |
| (c) productivity and productivity | |

10. Effect of the following a form of legal liability a form of legal liability that is a negative component of legal liability economic?

| | |
|-----------------------------------|-----------------------------|
| (a) income and productivity | (d) income and productivity |
| (b) income and productivity | (e) income and leisure |
| (c) productivity and productivity | |

11. Effect of the following a form of legal liability a form of legal liability that is a negative component of legal liability economic?

| | |
|-----------------------------------|-----------------------------|
| (a) income and productivity | (d) income and productivity |
| (b) income and productivity | (e) income and leisure |
| (c) productivity and productivity | |

12. Effect of the following a form of legal liability a form of legal liability that is a negative component of legal liability economic?

| | |
|-----------------------------------|-----------------------------|
| (a) income and productivity | (d) income and productivity |
| (b) income and productivity | (e) income and leisure |
| (c) productivity and productivity | |
