

# Fact families

Use the 3 numbers to write 4 different facts.

|               |              |              |              |
|---------------|--------------|--------------|--------------|
| $6 + 7 = 13$  | $7 + 6 = 13$ | $13 - 7 = 6$ | $13 - 6 = 7$ |
| $16 + 4 = 20$ | $+ =$        | $- =$        | $- =$        |
| $6 + 5 = 11$  |              |              |              |
| $7 + 8 = 15$  |              |              |              |
| $8 + 12 = 20$ |              |              |              |
| $10 + 8 = 18$ |              |              |              |
| $8 + 9 = 17$  |              |              |              |
| $9 + 7 = 16$  |              |              |              |
| $14 + 6 = 20$ |              |              |              |
| $11 + 8 = 19$ |              |              |              |
