

Name \_\_\_\_\_

## Explore Measuring with Nonstandard Units

Look at the snake.

- 1.** About how many  long do you think the snake is? about \_\_\_\_\_  long
- 2.** About how many  long do you think the snake is? about \_\_\_\_\_  long
- 3.** About how many  long do you think the snake is? about \_\_\_\_\_  long

Now, use a string to measure. Then check your estimates.

- 4.** How many  ,  , and  long is the snake?

\_\_\_\_\_  \_\_\_\_\_  \_\_\_\_\_ 

(Circle more or fewer.)

- 5.** Did you use more or fewer  than  to measure the snake?  more  fewer
- 6.** Did you use more or fewer  than  to measure the snake?  more  fewer
