

## Classroom Design

### Advantages

- 1. Easy to set up and manage.
- 2. Promotes the traditional classroom setting.
- 3. Encourages the traditional way of learning.
- 4. Good layout for the teacher to manage & control the class.
- 5. All students of the same level are grouped together.
- 6. It is the easiest layout to use in a classroom.
- 7. Simple layout of the room.

### Disadvantages

- 1. Usually gives less of a chance for the teacher.
- 2. Doesn't promote the use of technology.
- 3. Not very interactive.
- 4. Not very flexible or adaptable.
- 5. Doesn't give students a chance to work with each other in a collaborative way.
- 6. Not very of a good classroom.
