

8th Grade Spelling, Parsing, & Roots' Studies

In the 1st & 3rd quarters, students will improve upon their spelling skills. In the 2nd & 4th quarters, eighth graders will focus on the study of roots.

8th grade students will focus on strengthening their writing in a myriad of ways. Spelling and parsing will be addressed daily through classroom notes that include mnemonics to help "key" students into the correct spellings. 8th graders will take 3 words per day until they accumulate 15 total words. Students will be quizzed the day after they collect the entire set. Each spelling and each parsing will be worth one point.

Set 12

- 1. vicious adjective
- 2. acquaintance noun
- 3. camouflage noun, adjective, & verb

... of land does it cover?

ert?

ainted Desert.
