## Reduce, Reuse, Recycle

It is up to us to keep our environment clean and safe by reusing and reducing, as well as recycling. Reducing waste means to fix things instead of throwing them away. Reusing items, instead of tossing them into the trash, can lessen our waste and save resources.

**Directions:** Read the situations below. Write a way that each item can be reused instead of being thrown away. Be creative.

A shelf broke and several ceramic plates broke into pieces.
