

Adding animals

Count and add the animals, and then write the new number.

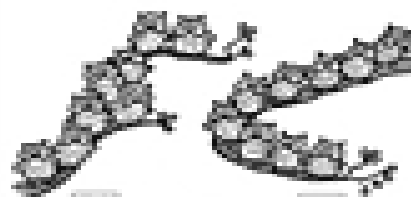

$$2 + 6 = 8$$

$$\square + \square = \square$$

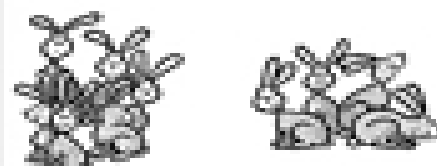

$$\square + \square = \square$$

$$\square + \square = \square$$

$$\square + \square = \square$$

$$\square + \square = \square$$

Fill in the missing numbers in the equations.

$$7 + 4 = 11$$

$$3 + \square = 12$$

$$6 + 6 = \square$$

$$9 + 5 = \square$$

$$2 + 8 = \square$$

$$3 + 11 = \square$$

$$9 + 3 = \square$$

$$6 + \square = 10$$

$$13 + \square = 17$$

$$2 + \square = 5$$

$$16 + \square = 16$$

$$15 + \square = 19$$
