

M<sup>r</sup> Secretary, here is a dispatch. We have captured one prisoner and one gun; a great Victory.

These are the greediest fellows I ever saw. With all my exertions I can't satisfy their pocket, though I keep the Mill going day and night.

All this reminds me of a most capital joke.

Ah well! — Telegraph to General Dix immediately.

Officer! I am told that Snooks has called me A Hambug. — Take this warrant and put him in Fort Lafayette. — I'll teach him to speak against the Government.

They say the Tullahoma suits 24 miles an hour! Will then, will send 4 Greenbacks after her that can sail 6 miles an hour, and that will just make enough to catch her.

Give us more Greenbacks.

Give us more Greenbacks, compound interest.
