Draw affix processes next to the end of affixation exercises. Remember, affixation works like this:

The first affix processes remove 1 process: "What?" and "What?"

The first affix processes are:

comer → com	comer → com
comer → com	comer → com
comer → com, -er	comer → com

When you add the first affix to the root, you have to add an accent mark. The number the syllable of the word, and mark the accent mark on the "r" in the last syllable.

Look at some examples

comer the food → **comer** to eat → **comer** to eat → **Comedor**
 the room you to eat get an accent mark over the "o" in com

volar the verb → **volar** to fly → **volar** to fly → **Volar**
