Grade Tampering Investigation Questions

1. Was the student who tore a page out of the grade book in your lab group? How do you know?
2. What is a fingerprint?
3. Are the fingerprints on all of your fingers the same?
4. Look at the print of your index finger. Is it a loop, ridge, whorl, or a combination of these?
5. In the past, only people who were arrested were fingerprinted. Now many police departments are making fingerprint banks of all citizens in their areas. Would you voluntarily give your fingerprints to the police? Why or why not?
6. Write a conclusion to end the story in "The Grime."
