

I know how to do **5 minute math**.

1. Check my Finish Me folder.
2. If my test was an 80, put it on the Thursday folder stack and get my next test.
3. If my test was less than 80, use the back side.
OR
4. If my test was less than 80, and the back side is full:
5. Turn my test in to the Thursday folder stack
6. Get my new test.
7. Listen for the teacher to say GO.
8. DO MY TEST IN ORDER THE WHOLE FIVE MINUTES.
9. TRY TO GO AS FAST AS I CAN.
10. Turn in my test when I finish or when the time is up.
