Review the Problem Solving Strategy

Write the strategy in your own words.

1. **Understand** the problem. Read the problem carefully and underline the key words. Write down what is given and what is asked. Draw a picture if it helps. Write down what you know and what you need to find.
2. **Plan** a strategy to solve the problem. Think about what you know and what you need to find. Write down your plan.
3. **Solve** the problem. Use your plan to solve the problem. Write down your answer.
4. **Check** your answer. Make sure your answer makes sense. Write down your check.
5. **Communicate** your answer. Write down your answer in a clear and concise way.

Complete the pattern.
