

MANNERS BINGO

You said please	You helped cleanup	You helped at the table properly	You ate neatly and left little mess	You cleaned your dishes when you were done eating
You ate slowly	You told your family about something you did that day	When you talked, you waited your turn to talk & listen	You cleaned up after	You asked for food to be passed to you
You always washed off the table	You waited for everyone to be seated before you ate, or	None	You spoke kindly to everyone at the table	You used napkin and when you finished you left the table
You put your napkin to your lap	You helped pass the food on the table	You didn't use your fingers to eat (if you had)	You checked to see if the server needed the dishes	You used drink cup
You waited until your seat was set before you began eating, to eat	You waited to ask your server when it was time to get up	You passed food to everyone when they were full	You ate everything you didn't like	You took only what you ate of food
