

## **Percentage Composition Worksheet**

*Give the % composition of all elements in these compounds.*

---

1) ammonium sulfite    % N \_\_\_\_\_  
                                  % H \_\_\_\_\_  
                                  % S \_\_\_\_\_  
                                  % O \_\_\_\_\_

---

2) aluminum acetate    % Al \_\_\_\_\_  
                                  % C \_\_\_\_\_  
                                  % H \_\_\_\_\_  
                                  % O \_\_\_\_\_

---

3) sodium bromide    % Na \_\_\_\_\_  
                                  % Br \_\_\_\_\_

---

4) copper (II) hydroxide    % Cu \_\_\_\_\_  
                                  % O \_\_\_\_\_  
                                  % H \_\_\_\_\_

---

5) magnesium carbonate    % Mg \_\_\_\_\_  
                                  % C \_\_\_\_\_  
                                  % O \_\_\_\_\_

---
