

Hi! I'm puzzled. Can you help me out by putting in the numbers to make these number sentences correct?

Can you find two ways for each answer?

1. $\square \times \bigcirc = 10$

2. $\square \times \bigcirc = 10$

3. $\square \times \bigcirc = 8$

4. $\square \times \bigcirc = 8$

5. $\square \times \bigcirc = 20$

6. $\square \times \bigcirc = 20$

7. $\square \times \bigcirc = 50$

8. $\square \times \bigcirc = 50$

9. $\square \times \bigcirc = 6$

10. $\square \times \bigcirc = 6$

11. $\square \times \bigcirc = 30$

12. $\square \times \bigcirc = 30$
