

Name: _____

Multiply and Color

Multiply and write products in each heart. Then color all products that are less than 50 pink and more than 50 red. Color all products that equal 50 purple. Think about the patterns you see in each row afterwards.

Challenge Questions:

1. What would be the next color in the pattern in row 1? _____
2. What would be the next color in the pattern in row 2? _____
3. What would be the next color in the pattern in row 3? _____
