

# Happy Colours!

I need my funny poem, write the names of colours in the gaps and colour me!

I am a happy clown,  
 My eyes are           .  
 I have a            flower  
 My flower is for you!  
 I am a happy clown  
 With an            hat.  
 My hair is           .  
 My nose is           .  
 My mouth is           .  
 My boots are           .  
 I always wear            shoes  
 And have a big            bag!

What colours can you get if you mix these colours? Think, write and colour!

red + white =

yellow + blue =

red + yellow =

There is only one letter in each word. Can you guess the colours and fill in the gaps with the missing letters?

Unscramble these colours!
