

This worksheet is designed for a word classification activity. It features a large central area divided into two columns: 'Nouns' on the left and 'Verbs' on the right. The entire activity is framed by a decorative wavy border. At the top left and right corners of the frame, there are small illustrations of a notepad with a pencil and a stapler, respectively. Below the main sorting area, there is a grid of 16 word cards, each containing a word that needs to be sorted into the appropriate category.

Nouns		Verbs	
oake	ruh	horee	switr
deek	pehall	jump	fly
eeo	suh	make	zoo
teech	need	marker	housee
