

### My city - Reading Comprehension Exercise

**Directions:** Read the information and answer the questions.

I live in a little town called Village People. It is a little town, but a nice town. We have a mini-market where you can buy food, this is between the church and the supermarket. There is a post shop where you can also buy a post, this is opposite the park. We have a garage where you can get your car repaired, this is next to the cinema. We have a supermarket where you can buy books, tennis, and shoes, this is opposite the park. We also have a hairdresser where you can have your hair cut, this is next to the post shop, and in front of the cinema. There is a clothes shop too. You can buy books and vegetables at the green grocer's shop and there is a bank near the post office. We have a bus station and a hotel called The Crown. We have a police station, and next to the middle of town is the town square where you can see the town hall. The town hall is where the mayor of the city works. We have a park and a playground next to it. Next to the park is the town church. We also have a school, it is behind the park. We live near these very much. It is a good place to live.
