Plot Diagram Map (ELA Literacy.RL.7.3)

The plot diagram is used to map the events in a story.

Directions: After reading the given story, map out the events that take place by writing in each box below.

The diagram consists of five rounded rectangular boxes arranged in two columns. The left column contains 'Rising Action' (top) and 'Exposition' (bottom). The right column contains 'Climax' (top), 'Falling Action' (middle), and 'Resolution' (bottom). A single line starts from the right side of the 'Exposition' box and extends diagonally upwards to the left side of the 'Climax' box.
