

The **Bill of Rights** is the first ten amendments to the United States Constitution and lists the basic rights of individuals. The Bill of Rights was written in 1791.

I. The Five Basic Freedoms

The First Amendment requires freedom of religion, freedom to assemble, freedom to petition, freedom of the press, freedom of opinion, and freedom of speech.

II. Right to Bear Arms

The Second Amendment gives people the right to own and bear arms.

III. Housing Soldiers

The Third Amendment states that no
