

# Sight Word Celebrities

## EXPLANATION OF PROGRAM

Here is the privilege list:

- List 2 – admission ticket to the premiere
- List 4 – popcorn for the movie
- List 6 – drink for the movie
- List 8 – candy for the movie
- List 10 – movie star sunglasses

I use the parent letters to explain the program to parents and inform them of their child's progress along the way.

I use the Individual Student Progress chart for the students to keep track of their own progress. I usually copy the charts on cardstock. Then the students cut out the icons and glue them in their chart where appropriate after they master each list.

The certificate I hand out to each student at the movie premiere. I make the certificate very general on purpose so that everyone will get one no matter how far they get on the lists.

I usually buy the sunglasses at a nearby dollar store or party goods store. I buy in bulk because I always know that I can use them the next year. I think Oriental Trading is also a good spot to shop. They might even have other items to add to your premiere.

I have included a class progress chart for you to keep track of your whole class at a glance.

That's it! It is simple and fun!
