

Name _____

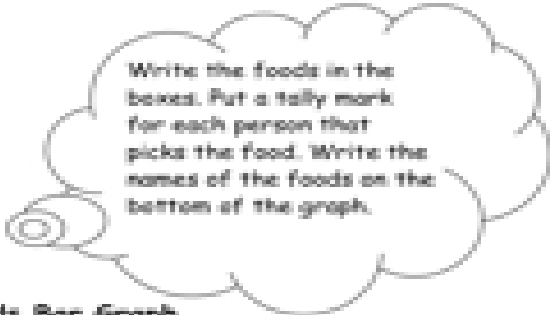

Our Favorite Foods

Collect data and create a bar graph.

Ask 10 friends, "What is your favorite food?" Use the tally chart to record the information. Create a bar graph to show the results. Color in one box on the graph for each friend that likes that food.

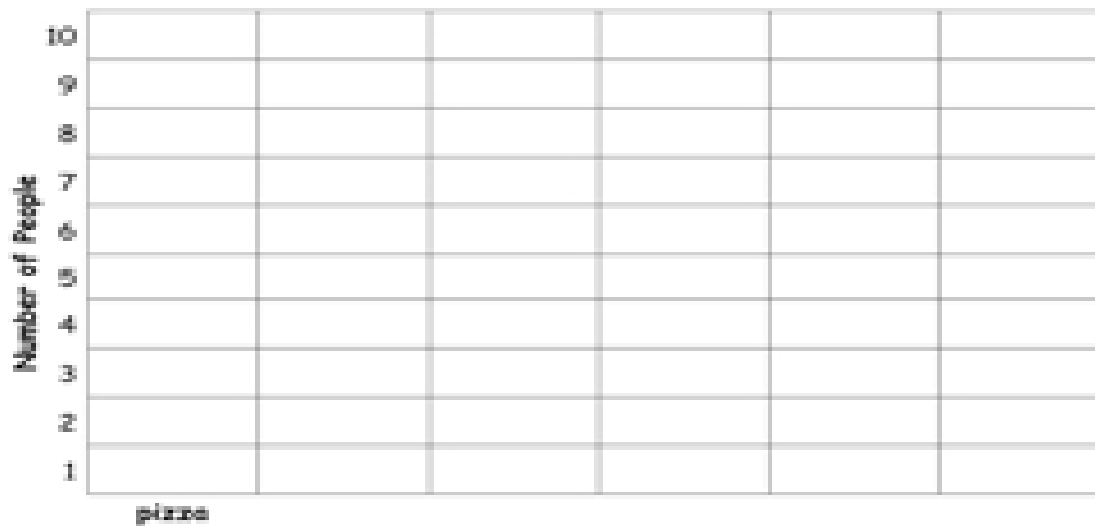

Tally Chart

pizza	

Write the foods in the boxes. Put a tally mark for each person that picks the food. Write the names of the foods on the bottom of the graph.
