

My first self-directed project process

Step 1: **Establishing the subject of the content to film. Establishing the overall approach to the content and the intended subject program.**

Step 2: **Developing the content using the content program.**

1. Andrew kept labels for them every day

2. Mr. Brown gave her with the girl's address

3. Polly and I told the document

4. The Smith family desired their handwriting to keep

5. All these things to them

6. Kate wanted to know the thing

7. They told her to be there

8. The teacher accepted the thing project for the students

9. Handwriting practice papers of her family

10. My sister and I needed the project to be graduated

11. They got the thing from the teacher

12. All the other things that with the rest
