

### **My friend.**

I have got a friend. His name is Victor. He is eight years old. He is a pupil of the fourth form. He goes to school number 3. Victor usually gets up at seven o'clock in the morning. He does his morning exercises. Then he washes his face and hands. Also he cleans his teeth. After that he dresses and has his breakfast. Then he goes to school. His school starts at 8:00 in the morning.

At school he reads, writes and does different exercises. His school finishes at two o'clock. At home he does his homework and goes to the yard and plays with his friends. In the evening he reads books, watches TV or plays computer games.

He goes to bed at ten o'clock.
