## The Best Nest

(sung to "Hush Little Baby")

If you see a robin's nest,  
It is best to let it rest.  
Do not ever be a pest,  
Just let that bird's nest rest!

Look at Robin in her nest,  
Folded wings across her chest.  
She protects her eggs the best,  
In her little nest.

Peck—an eggshell gets a test.  
One egg's hatching before the rest.  
CRACK! It's open! That's the best—  
A new chick's in the nest!
