

Connective Tissue Identification Worksheet: Using the slides on the Virtual Microscope (Supporting tissue and muscle) complete the following table.

Tissue Type	General appearance	Fundamental cell type		Fibers	
		Description of appearance	Power visible	Arrangement of Fibers	Power visible
Adipose tissue		Fibroblasts:			
Loose (areolar) connective tissue		Fibroblasts:			
Dense regular connective tissue (tendon)		Fibroblasts			
Elastic cartilage		Chondroblasts:			
Fibrocartilage		Chondroblasts:			
Hyaline cartilage		Chondroblasts:
