

Name _____ Period _____ Date _____

Periodic Table Crossword Puzzle

1. GOLD - I have a substance in the form of a liquid, and it is the most malleable of all metals.
2. COPPER - I am the main part of the color of the metal.
3. GOLD - My atomic number is 79.
4. HYDROGEN - I am the most abundant element in the universe.
5. CARBON - I am the main part of the color of the metal.
6. SILVER - I am the most abundant element in the universe.
7. OXYGEN - I am the most abundant element in the universe.
8. NITROGEN - I make up 78% of the air and am found in the 15th group.
9. GOLD - My atomic number is 79.
10. COPPER - I am the main part of the color of the metal.
11. SILVER - I am the most abundant element in the universe.
12. OXYGEN - I am the most abundant element in the universe.
13. NITROGEN - I make up 78% of the air and am found in the 15th group.
14. HYDROGEN - I am the most abundant element in the universe.
15. CARBON - I am the main part of the color of the metal.
16. SILVER - I am the most abundant element in the universe.
17. OXYGEN - I am the most abundant element in the universe.
18. NITROGEN - I make up 78% of the air and am found in the 15th group.
19. GOLD - My atomic number is 79.
20. COPPER - I am the main part of the color of the metal.
21. SILVER - I am the most abundant element in the universe.
22. OXYGEN - I am the most abundant element in the universe.
23. NITROGEN - I make up 78% of the air and am found in the 15th group.
24. HYDROGEN - I am the most abundant element in the universe.
25. CARBON - I am the main part of the color of the metal.
26. SILVER - I am the most abundant element in the universe.
27. OXYGEN - I am the most abundant element in the universe.
28. NITROGEN - I make up 78% of the air and am found in the 15th group.
29. GOLD - My atomic number is 79.
30. COPPER - I am the main part of the color of the metal.
31. SILVER - I am the most abundant element in the universe.
32. OXYGEN - I am the most abundant element in the universe.
33. NITROGEN - I make up 78% of the air and am found in the 15th group.
34. HYDROGEN - I am the most abundant element in the universe.
35. CARBON - I am the main part of the color of the metal.
36. SILVER - I am the most abundant element in the universe.
37. OXYGEN - I am the most abundant element in the universe.
38. NITROGEN - I make up 78% of the air and am found in the 15th group.
39. GOLD - My atomic number is 79.
40. COPPER - I am the main part of the color of the metal.
41. SILVER - I am the most abundant element in the universe.
42. OXYGEN - I am the most abundant element in the universe.
43. NITROGEN - I make up 78% of the air and am found in the 15th group.
44. HYDROGEN - I am the most abundant element in the universe.
45. CARBON - I am the main part of the color of the metal.
46. SILVER - I am the most abundant element in the universe.
47. OXYGEN - I am the most abundant element in the universe.
48. NITROGEN - I make up 78% of the air and am found in the 15th group.
49. GOLD - My atomic number is 79.
50. COPPER - I am the main part of the color of the metal.
51. SILVER - I am the most abundant element in the universe.
52. OXYGEN - I am the most abundant element in the universe.
53. NITROGEN - I make up 78% of the air and am found in the 15th group.
54. HYDROGEN - I am the most abundant element in the universe.
55. CARBON - I am the main part of the color of the metal.
56. SILVER - I am the most abundant element in the universe.
57. OXYGEN - I am the most abundant element in the universe.
58. NITROGEN - I make up 78% of the air and am found in the 15th group.
59. GOLD - My atomic number is 79.
60. COPPER - I am the main part of the color of the metal.
61. SILVER - I am the most abundant element in the universe.
62. OXYGEN - I am the most abundant element in the universe.
63. NITROGEN - I make up 78% of the air and am found in the 15th group.
64. HYDROGEN - I am the most abundant element in the universe.
65. CARBON - I am the main part of the color of the metal.
66. SILVER - I am the most abundant element in the universe.
67. OXYGEN - I am the most abundant element in the universe.
68. NITROGEN - I make up 78% of the air and am found in the 15th group.
69. GOLD - My atomic number is 79.
