121 101 Final Essay Questions

Readily and describe one short form and one long form academic goal and one personal goal.

Describe the goal using SMART criteria

Goal	Specific	Measurable	Attainable	Relevant	Time-bound
Short-term goal: Graduate in three years	Complete all required courses and maintain a GPA of 3.0 or higher	Take 12-15 credits per semester	Attend all classes and complete assignments on time	Obtain a degree in my field of interest	Complete by the end of the third year
Long-term goal: Graduate with honors	Complete all required courses and maintain a GPA of 3.5 or higher	Take 12-15 credits per semester	Attend all classes and complete assignments on time	Obtain a degree in my field of interest	Complete by the end of the fourth year
Personal goal: Graduate with honors	Complete all required courses and maintain a GPA of 3.5 or higher	Take 12-15 credits per semester	Attend all classes and complete assignments on time	Obtain a degree in my field of interest	Complete by the end of the fourth year

Respond to the following questions in 100 to 150 words each

- What are the indicators you'll use to determine if you've achieved your goal? How do you plan to monitor your progress? How often will you check in with yourself? How often will you check in with others? How often will you check in with your advisor? How often will you check in with your family? How often will you check in with your friends? How often will you check in with your community? How often will you check in with your country? How often will you check in with your world?
