

Name _____ Date _____ Grade _____ Room _____

You will do research to learn about one country using the Big 6 Process. You may choose to include some illustrative pictures to enhance your project. This graphic organizer has some of the topics you should include in your project. The first step in the process is to define the information problem.

1
Task Definition: Define the task that has been assigned in your own words. (What is my information problem?)

After defining the problem, what is the next step in the process?
