Date: \_\_\_\_\_

## Adding: The "Make a 10" Strategy

**Directions:** Circle 10 dots. Make a bond to show which number you took apart to make ten. Add.

<p><b>1.</b></p> <div style="text-align: center;"> </div> <div style="text-align: center; margin-top: 10px;"> <math>10 + 4 = 14</math> </div>	<p><b>2.</b></p> <div style="text-align: center;"> <math>9 + 2 = \underline{\quad}</math> </div> <div style="text-align: center; margin-top: 10px;"> </div> <div style="text-align: center; margin-top: 10px;"> <math>10 + \underline{\quad} = \underline{\quad}</math> </div>
<p><b>3.</b></p> <div style="text-align: center;"> </div> <div style="text-align: center; margin-top: 10px;"> </div> <div style="text-align: center; margin-top: 10px;"> <math>10 + \underline{\quad} = \underline{\quad}</math> </div>	<p><b>4.</b></p> <div style="text-align: center;"> <math>9 + 4 = \underline{\quad}</math> </div> <div style="text-align: center; margin-top: 10px;"> </div> <div style="text-align: center; margin-top: 10px;"> <math>\underline{\quad} + \underline{\quad} = \underline{\quad}</math> </div>
<p><b>5.</b></p> <div style="text-align: center;"> <math>9 + 9 = \underline{\quad}</math> </div> <div style="text-align: center; margin-top: 10px;"> </div> <div style="text-align: center; margin-top: 10px;"> <math>\underline{\quad} + \underline{\quad} = \underline{\quad}</math> </div>	<p><b>6.</b></p> <div style="text-align: center;"> </div> <div style="text-align: center; margin-top: 10px;"> </div> <div style="text-align: center; margin-top: 10px;"> <math>\underline{\quad} + \underline{\quad} = \underline{\quad}</math> </div>
