A Special Dog

When I was a little girl, we had a very big dog called Howard. One day, something exciting happened. My mother went to work and left us with a babysitter. The babysitter and my brother played computer games. I went outside to play with a ball near the swimming pool. Suddenly, I fell into the pool! No one was near. It was scary!

Suddenly, a big, strong body pushed me out of the water. It was Howard! He knew something was wrong and he saved my life. He was very clever. After that, we thought Howard a special present for his owner's birthday.
