

My first self-directed project process

Step 1: **Establish the subject of the content to film. Establish the overall approach and objectives of the intended video program.**

Step 2: **Develop the content using the writing process.**

1. Address topic labels for this story line

2. Ask: How do you feel about this?/I believe...

3. Emily and I told the document

4. The Smith family shared their handwritten letter to papa

5. All these stories to share

6. Write a personal message for the day

7. Help with letters to Christmas

8. The teacher accepted the log project for the students

9. Handwritten letters of her family

10. My sister and I mailed the project to my grandfather

11. Bring a photograph from the family

12. All: All the letters that with the log
