

Name: _____

Crack the Code

Solve one and two-digit multiplication problems.

Write the answer to each addition problem. Use the code decoder to write the letter on the line below to solve the code.

Example: Why do birds fly south in the winter?

20 100	18 1000	21 100	22 100	23 100	24 100	25 100	26 100	27 100
28 100	29 100	30 100	31 100	32 100	33 1000	34 100	35 100	36 100
37 100	38 1000	39 100	40 100	41 100	42 100	43 100	44 1000	45 100
