**This diet history worksheet is used as an assessment. By seeing how much you are eating, drinking, how often, etc., we can better determine how to correct problems that might contribute to fat and health issues.*

- 1). At the top of the page, please fill out the day/date section for each day of the assessment. A minimum of three days should be filled out.
- 2). Fill out the time you consumed each food or drink with a calorie.
