Topic: 1995 Nobel Prize in Physics	
Level: Year 11	
Duration: 1 hour	
Objective: To understand the significance of the discovery of the Higgs boson.	
Materials: 1. A copy of the Nobel Prize award document for the discovery of the Higgs boson. 2. A copy of the Higgs boson discovery announcement from CERN.	
Activities:	
1. Read the award document and discuss the significance of the discovery.	
2. Watch the video of the Higgs boson discovery announcement and discuss the significance of the discovery.	

Topic	Activities	Resources	Assessment
1995 Nobel Prize in Physics	Pre-activity Teacher will show the video of the award "The Higgs and the Missing Element". Teacher will describe the significance of the discovery of the Higgs boson, the Nobel Prize in Physics for the discovery of the Higgs boson, the significance of the Higgs boson discovery.	- Award document for the discovery of the Higgs boson. - The Higgs boson discovery announcement from CERN.	- Award document for the discovery of the Higgs boson. - The Higgs boson discovery announcement from CERN.
1995 Nobel Prize in Physics	Activity Teacher will show the video of the Higgs boson discovery announcement from CERN and discuss the significance of the discovery. The award document will be distributed to discuss the significance of the discovery. Teacher will have a group discussion on the significance of the discovery of the Higgs boson. What is expected? - The Higgs boson discovery announcement from CERN. - The Higgs boson discovery announcement from CERN. - The Higgs boson discovery announcement from CERN. - The Higgs boson discovery announcement from CERN.	- The Higgs boson discovery announcement from CERN. - The Higgs boson discovery announcement from CERN. - The Higgs boson discovery announcement from CERN. - The Higgs boson discovery announcement from CERN.	- Award document for the discovery of the Higgs boson. - The Higgs boson discovery announcement from CERN.
