

Countries & nationalities

By: D.Messaoudi

The adjectives of nationalities are built with the addition of the suffixes “-ian, -an, -n, -ish, -ese, -i, -ch, -er” to the names of the countries, or with changing the final vowel. Here are the models; the change in the root is indicated with blue colour and the stressed syllable (in the list) with bold letters:

- Egypt Egyptian
- Chile Chilean
- Algeria Algerian
- Spain Spanish
- China Chinese
- Iraq Iraqi
- France French
- Iceland Icelandic
- Argentina Argentine
