Prefixes

Can you reassemble the words below by adding a **prefix** to each root word?

Remember: A prefix is a group of letters added to the beginning of a word to change its meaning.
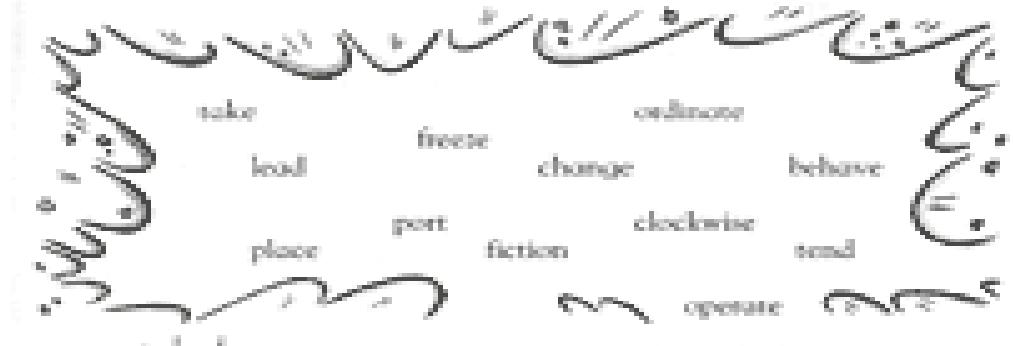

ex-   mis-   co-   non-   anti-

take   ordinary
            freeze
lead   change   behave

            port   clockwise
place   fiction   tend
                        operate

mis- _misbehave_ _____

non- ....

ex- ....

co- ....

anti- ....

Can you make any more words by using the same **prefixes** with different root words?
