

A horizontal strip containing three addition problems. Each problem consists of two boxes on the left, a plus sign, a box, an equals sign, and another box. Above the first problem is the number 6. Above the second problem are the numbers 6 and 2. Above the third problem are the numbers 5 and 1. A small rainbow-colored mark is visible on the right side of the strip.

$\square + \square = \square$	$\square + \square = \square$	$\square + \square = \square$
6	6 2	5 1
